

**The BEAT-CKD Centre of Research Excellence introduces “*Kidney Bites*”: An online community where you can connect with fellow kidney warriors.**

Anyone living with kidney disease and their family members are invited to join the Kidney Bites community - a safe place to ask questions, share your stories, exchange ideas, and hear about opportunities to be involved in research.

Kidney Bites will occur monthly via Zoom (for now!).

These meetings are informal and there is no obligation to attend every month so get comfortable, grab a drink and a ‘bite’ and join us in March to find out more!

Our first gathering will be **on Wednesday 29th of March from 5-6pm AEDT**. Click [here](#) to register your attendance and we will send you the Zoom details.

**If you have any questions or need help with Zoom, please do not hesitate to contact us:**
